# SOLARHACKS I

*Sponsorship Propsectus*

---

**OCTOBER 19, 2019**

A Bay Area High School Hackathon intended to  
promote STEM in middle and high school  
students

## WHAT IS SOLARHACKS?

SolarHacks is a 14-hour Hackathon that is located in the Bay Area, intended to empower middle and high school students all around the world to program and indulge in STEM-related activity. Our goal is to gather hundreds of students to interact and create projects that could impact our community. Thanks to our sponsors, throughout the Hackathon, food, drinks, workshops, prizes, and much more swag, all for free!

## WHY BECOME A SPONSOR?

At SolarHacks, we want each and every participant to learn and become empowered to solving real-world problems using STEM methods. In order for our mission to be achieved, we would need the help of sponsors. Thus, by becoming a sponsor, you are enabling these individuals to further positively impact the future. The help and sponsorships you provide to SolarHacks would be recognized by all attendees, for it is what has channeled them to revolutionize the world!

## WHERE WILL YOUR MONEY GO?

Your money will go towards making SolarHacks happen. In other words, it will allow for SolarHacks to have prizes, food, drinks, swag, workshops, and other features! All contributions to SolarHacks is tax-deductible and processed by Hack+, a 501(c)(3) nonprofit organization.

## HOW CAN YOU HELP?

- 1 Monetary Contributions
- 2 Provide meals to the attendees
- 3 Provide hardware, access to API's, swag, or prizes
- 4 Provide mentors or judges
